Subject: Join me for an informal screening of "From One Village"

Dear [recipient's name],

I'll be hosting an informal screening of a new documentary called *From One Village: A Story of Hope in Uganda*. I hope you can come. The screening will take place on [date] from [start time] till [end time] at [location].

This 20-minute documentary features the Arlington Academy of Hope (arlingtonacademyofhope.org), a non-profit organization based in Arlington, VA that runs a model primary school in a remote Ugandan village. *From One Village* takes viewers into the village where AAH works and gives you the chance to hear from individual children and their families and learn about their lives, challenges and hopes for the future.

I'm pleased to be an AAH supporter and to host this screening. It will be a "no pressure" event for some of my [family, friends, colleagues] who I think would like to hear an inspiring story of how a small group is making a tremendous difference in the lives of children in Africa. I hope you can join us.

Please let me know by [date] if you can attend.

Sincerely,

[your name and phone number]
